FULL STACK DEVELOPER

Raipur , chattisgarh

SUMMARY

AIML student skilled in MERN stack development, Machine Learning, Deep Learning, and Computer Vision. Built responsive web applications and AI-based projects using React, Node.js, Python, and OpenCV. Interested in developing real-world intelligent systems and scalable web applications.

EDUCATION

BTECH - AIML

Shri Shankaracharya Institute of Professional
Management & Technology
2023 - 2027

12 TH

SHRI SHANKARA SENIOR SECONDARY SCHOOL
2022 - 2023

10 TH

SHRI SHANKARA SENIOR SECONDARY SCHOOL
22020 - 2021

SKILLS

- Frontend: HTML, CSS, JavaScript, React
-
- Backend: Node.js, flask
- Express.js
-
- Database: MongoDB , MySql
-
- Tools: Git, GitHub
-
- Aiml: ML , DL , CV

CERTIFICATIONS

- HackerRank SQL (5★) – Advanced SQL
- HackerRank SQL Certificate

PROJECTS

EXPENSE TRACKER (MERN)

- Built a full-stack Expense Tracker using MongoDB, Express.js, React.js, and Node.js.
- Implemented JWT authentication, CRUD operations, and REST API integration.
- Deployed on Render with MongoDB Atlas and a responsive UI.

Walmart Sales Analysis (Python, SQL)

- Cleaned and preprocessed Walmart sales dataset using Python (Pandas).
- Analyzed revenue, sales trends, and customer behavior using SQL.
- Built visualizations to identify business insights and support data-driven decisions.

PORTFOLIO WEBSITE (REACT)

- Developed a responsive portfolio using React.js, Tailwind CSS, and Vite.
- Implemented a reusable component-based architecture with modern UI.
- Integrated project showcase, resume download, and GitHub/LinkedIn links.
